Description

Interested in teaching or training? This part-time course provides you with the skills, knowledge and understanding of the post 16 teaching profession. Teaching in adult education is "family friendly" - courses run in term time, start and finish times allow for school runs. You don't need a degree and can qualify in a matter of months studying part time. Many people work as a tutor alongside other jobs to boost their income and share their knowledge and skills

It will give you an insight into the roles, responsibilities and relationships in education and training. It will show you how to plan and deliver teaching sessions, how to assess and give constructive feedback to your learners. Many learning providers will recruit you if you have this qualification whilst you work towards your full teaching qualification.

We use a blended-learning delivery model with a combination of timetabled classroom-based and online sessions.

Before starting your course, you will need to attend a skills scan to ensure you are joining the most suitable course for your needs. Prior qualifications will be taken into consideration where relevant. To book a skills scan session, click on the green Enrolment Information button online, or call 01375 372476.
