Description

This course provides a mixture of in person and online delivery and is designed for individuals who wish to teach or train others, particularly in a vocational or adult education setting. This qualification is ideal for those new to teaching or training, as well as individuals looking to formalise their experience with a recognised qualification. The course provides an introduction to teaching and aims to equip learners with the skills and knowledge necessary to plan, deliver, and evaluate effective learning sessions. To book a skills scan session, click on the green Enrolment Information button online, or call 01375 372476.
