Description

This course helps carers build practical everyday skills that make life easier and more confident. You can choose the topics that matter most to you and learn at your own pace, in a relaxed and supportive setting.

Entry Requirements

For referrals from St Lukes only.

What will you learn?

This course is designed to support carers in developing practical skills for everyday life. Each learner can focus on the topics that are most relevant to their own circumstances and needs — there's no set order or requirement to attend every session.

Workshops cover a wide range of useful skills, including:

Basic digital skills

Budgeting and paying bills

Online banking and setting up direct debits

Recognising scams online or in person

Everyday home maintenance (such as using appliances or changing a light bulb)

Simple and healthy cooking with a slow cooker or preparing easy meals

All resources are available in Google Classroom, allowing learners to access or revisit materials at any time and learn independently at their own pace

Key Dates

Workshops are monthly, feel free to attend as many as you like.
