Description

This is a 6 week practical course for ESOL learners to build everyday English while cooking simple, healthy meals. Each session combines step-by-step air fryer recipes with vocabulary, speaking, reading, and writing activities. Learners will gain confidence in the kitchen and in using English for everyday life.

Entry Requirements

This course is for ESOL learners at beginner to intermediate level (Entry 1 -3). No previous cooking experience is required.

Please inform your tutor of any food ALLERGIES or DIETARY requirements before the course begins.

Learning Outcomes

This course combines practical cooking skills with English language learning. You will learn how to safely use an air fryer to prepare simple, healthy snacks, family meals, and sweet treats. At the same time, you will build your English vocabulary, practise speaking, listening, reading recipes, and writing simple instructions.

By the end of the course you will have developed new friendships and interests groups and taken the opportunity to learn more about your local community.
